

## WELDCUBE PREMIUM

### WeldCube Premium Remote Installation – what & how?

The general rule: remote installation is absolutely okay

**Important:** first of all, check the tasks that you will provide remotely:

- / Installation
- / Commissioning
- / Training

**Why?** To ensure, that you offer & invoice the right things:

If installation, commissioning and training are provided remotely:

Offer and invoice Digital Solution Remote Support: 42,200,052 (hourly rate)  
Benefit: customers save travelling expenses

If training takes place at the customer's premises and only installation / commissioning are provided remotely:

Offer and invoice

- / Digital Solution Support for on-site topics 42,200,051 (hourly rate)
- / Digital Solution Remote support for remote topics: 42,200,052 (hourly rate)

For **processing / documentation / invoicing**, existing standard processes apply –no special regulations required.
